

Manatee County Commissioner

Dr. Bob McCann, District 5

Letter of Endorsement

February 2, 2026

I'm reaching out not as a commissioner, but as a neighbor and fellow resident who cares deeply about our community. I enthusiastically endorse Glen Gibellina for District 4, Manatee County Commissioner. Having spent considerable time working within the gears of our government, I know exactly what the job requires. It demands someone who isn't afraid to ask the hard questions, someone who understands the intricacies of our local budget, and -most importantly-someone who listens to the people they represent. Glen is that person.

Here is why I'm putting my personal support behind Glen:

- **Unmatched Accountability:** Glen has been a fixture at commission meetings for years. He doesn't just show up, he does the homework that many others avoid.
- **Fiscal Responsibility:** He has a sharp eye for taxpayer dollars and a proven commitment to ensuring our resources are managed transparently and efficiently.
- **A True Resident Advocate:** Glen isn't running for the title; he's running to ensure that the voices of all of District 4 are being heard loud, clear, and acted upon at the dais.

We need a representative who prioritizes the needs of the community over political convenience. I have seen Glen's dedication firsthand, and I am confident that he has the integrity and the work ethic to serve us well.

I hope you'll join me in supporting Glen Gibellina for Manatee County Commissioner, District 4. He has my complete and total endorsement for County Commissioner. Please remember to get out and vote- our local leadership starts with us.

Best regards,

Robert K. McCann, DO, JD, MBA
